Volunteer Form

Symphonix supports the San Francisco Symphony and its 10 programs that bring musical education to 75,000 Bay Area children. One program is the **Concerts for Kids** program. The Concerts of Kids program provides classical music concerts for over 35,000 local school kids grades K-9th.

Interested in volunteering for the Concert for Kids program? Please check the programs that are of interest:

Concert for Kids Docent Training Workshop

The Symphony offers a free Docent Training Workshop for Symphonix members who are interested in becoming school volunteers. These workshops are designed to teach Docents how to prepare students for the Concert for Kids program. *Scheduled Jan. 23rd 8:30am-Noon*

Concert for Kids Docent Visit Program

Symphony trained Education Docents visit Bay Area classrooms to make a presentation and lead a discussion to prepare school children who will be attending a Concert for Kids performance. *2 to 3 hours of classroom time during school hours sometime in the Spring.*

I am not available to volunteer during school hours, but would be interested in a one time volunteer opportunity during a weekend or weeknight to benefit Concert for Kids.
